BS2013

In 1885, A YOUNG PEWTERSMTIH NAMED YONG KOON ARRIVED IN MALAYA FROM THE CHINESE PORT OF SHANTOU, ARMED WITH LITTLE MORE THAN A SET OF TOOLS, A DETERMINATION TO SUCCEED, AND A BELIEF IN CRAFTSMANSHIP, BEAUTY AND FUNCTION. TODAY, YONG KOON'S HUMBLE ENTERPRISE IS ROYAL SELANGOR, THE WORLD'S FOREMOST NAME IN QUALITY PEWTER.

BY APPOINTMENT TO HRH THE SULTAN OF SELANGOR

A Brief Introduction to Royal Selangor

Founded in 1885, Royal Selangor has grown to become the world's largest pewter brand. Synonymous with innovative design and excellence in craftsmanship, we are now an internationally-recognised name in pewter gifts and accessories.

Previously known as Selangor Pewter, Royal Selangor changed its name in 1992

both to reflect its Royal Warrant from HRH The Sultan of Selangor as well as its diversification and development into other materials such as silver and gold. The Royal Selangor group today includes Comyns (sterling silver), Selberan (18ct gem set jewellery) and Seagull (Canadian pewter and giftware).

The Royal Selangor story began more than a century ago when a young pewterer named Yong Koon sailed from the port of Shantou, China to the tin rich shores of Kuala Lumpur, Malaya. Initially he produced ceremonial pewter items such as incense burners for other Chinese migrants. As an early forerunner to the company's ongoing commitment to meeting the changing needs of the consumer he later developed cigarette boxes, tankards and tea services for British military personnel residing in Malaya at that time.

Today, Royal Selangor has a workforce of more than 300 skilled craftspeople. The main pewter factory based in Kuala Lumpur is now part of an award-winning Visitor Centre which attracts over 150,000 visitors every year from all over the world.

While the pride in craftsmanship remains, the uses of pewter have changed dramatically over the years. Royal Selangor's product offering now spans not just home décor items but also children's gifts, personal accessories and drinkware. Our team of craftspeople and designers has created innovative designs that have won awards such as the prestigious German red dot award and the Japanese G-Mark.

Distributed in more than 20 countries and with more than 1000 employees worldwide, Royal Selangor has subsidiary offices in key markets such as Australia, Canada, China, Hong Kong, Japan, Singapore, United Kingdom and the United States. Our long established reputation in the global gifts and tabletop sector has forged several strategic alliances with other well-known brands that include Villeroy and Boch, WMF, Portmeirion, Spiegelau and Cross pens in certain key markets. Royal Selangor also operates more than 50 of its own retail shops, mainly in the Far East, and is proud to be associated with many fine retailers of high quality gifts and tableware in our main global markets.

Amongst the many unique commissions we receive each year, we are proud to be associated with the manufacture of prestigious trophies for the F1 races in Malaysia, Singapore and China, top tennis tournament Shanghai ATP Masters 1000 and the World Cup of Golf. Other special commissions include champagne chillers and accessories for Dom Perignon, Veuve Cliquot Ponsardin and Moët & Chandon from the LVMH group.

Yong Koon would certainly be proud to see how the business has grown. And he would also appreciate that his heritage of design and craftsmanship has been carefully preserved and that they remain fundamental to our continuing success over the past 127 years.

ZOOM

Inspired by every little (and big) boy's obsession with high speed. Zoom's aesthetic pays homage to the early days of industrial design, science fiction and boys' comics of the early 20th century. These vehicles represent the world of high speed on land, sea and air. The classic open wheeler racing car of the 60s lends its form to a trinket box, the toothbox's voluptuous lines are reminiscent of aircraft from the 40s, the coin box looks to vintage Riva speedboat styling, and the eggcup stands on retro-futuristic rocket fins.
